DURING STATE OF EMERGENCY

I, Eric Russell Hutchinson, Administrator of Norfolk Island and delegate of the Commonwealth Minister under item 1.105 of the *Ministers Norfolk Island Delegation Instrument 2019 (No. 1)* (CTH), under Regulation 8AC of the *Traffic (General) Regulations* and for the purposes of section 9 (registration of motor vehicle for private or public hire) of the *Traffic Act 2010* (NI) hereby —

- (a) **Exempt from registration or from further registration for the time being** any and all such private or public hire vehicles as are currently registered under section 9 of the Act from any requirement for registration during the period of any declaration of a state of emergency in relation to the Coronavirus and exclusion of tourists from Norfolk Island commencing from the date of publication of this instrument in the Gazette to the date of official notification of any final revocation of the mass tourist exclusion from Norfolk Island subject to and upon the terms and conditions specified in Schedule 1.

SCHEDULE 1

1. Any hire vehicle owner or operator must provide a list or spreadsheet in writing within 7 days to the Registrar of Motor Vehicles for Norfolk Island specifying the make, model, class, engine size, passenger capacity and current registration status (if any) for each and every registered hire motor vehicle that they desire to be included in the emergency exemption;
2. Any reference to the Registrar of Motor Vehicles (Registrar) includes the Deputy Registrar of Motor Vehicles.
3. The Registrar shall indicate in writing the acceptance or rejection of any hire motor vehicle for exemption from registration (and in the case of any refusal, set out their reasons for doing so); and
4. The Registrar shall from time to time provide a list to the OIC Norfolk Island Police Force [OIC Police] and to the Office of the Administrator of those hire vehicles which have been approved for inclusion in the exemption.
5. The provisions of section 13 shall operate in respect of the exemption of the motor vehicle from the date of this exemption instrument for any hire vehicle which is accepted by the Registrar for exemption in the same manner as if the hire vehicle registration had been completely cancelled;
6. At the end of the Coronavirus State of Emergency (or at the end of the period of exclusion of all tourists from travel to Norfolk Island, whichever is sooner), all owners or operators of hire vehicles which have been exempted from registration must then forthwith immediately renew (where the previous registration would have expired but for the exemption or there is a hire vehicle which has been newly acquired during the exemption period but was not yet registered) register or reregister all such hire vehicles in accordance with the Act. No registration fees or charges will be payable to the Registrar for any hire vehicle during the exemption period.
7. The owners or operators of such exempted hire vehicles will not be required (despite the requirements of section 14D(6) of the Act) to return to the Registrar the number plates of such exempted hire vehicles but must not remove the plates from such exempted hire vehicles unless otherwise directed or approved by the Registrar.
8. Any exempted hire vehicle which is currently hired out or is to be hired out to any person on Norfolk Island for use during the period of exemption from registration must have all required insurances in respect of each such hire vehicle fully in place and maintained as current.
9. The Registrar or OIC Police may at any time and from time to time require and direct the provision to them of proof and evidence of any such hiring referred to in condition 8 above and/or of the currency of any such insurance to be produced to them at any time without charge or fee of any kind.
10. Hire vehicle owners and operators shall otherwise comply with all other requirements for safety and maintenance of their hire vehicles while exempted.
11. This exemption applies to those vehicles that are registered as a hire vehicle only.

12. In the event that the hire vehicle operator is found to be in breach of any clause of this exemption from registration, then the Registrar may cancel the exemption of all of the vehicles of the hire car operator and the decision is final and not subject to appeal.
13. In accepting and approving any hire vehicle for exemption from registration during any Coronavirus emergency declaration period and/or during any mass exclusion of tourists from Norfolk Island, the Registrar may in their absolute discretion impose such further or other conditions or requirements upon the owner or operator of any such hire vehicle as the Registrar considers reasonably necessary or appropriate in the circumstances.
