Dated: 7 January 2021

ALLEN BATAILLE
REGISTRAR OF COMPANIES

PLANNING ACT 2002 (NI) SECTION 28F NOTICE DECLARATION IN RELATION TO A SIGNIFICANT DEVELOPMENT

Application No.: SDDA 1/2020

Applicant: Department of Infrastructure, Transport, Regional Development and Communications

Location: Portions 24a3, 24b2, 24c, 24b1 and 24k Grassy Road

Proposed development: Hospital and health services facility

Statement of reasons:

Having considered the matters set out in section 28D of the *Planning Act 2002* (NI) (the Planning Act), I am satisfied the proposal meets the requirements for declaration as significant for the following reasons:

1. The development is to establish or upgrade infrastructure of a type prescribed by the regulations, namely a hospital and health services facility
2. The development has potential economic and community benefits. The proposal would create economic benefits in construction through locally supplied materials and trades. Improved health services on Island would potentially reduce health expenses for residents by having access to more services on Island.
3. The use and development of a multi purpose health services facility at the subject land complies with the current zoning of the subject land in the Norfolk Island Plan 2002 as *Special Use – Hospital*; and the subject land is within the *Urban Preferred Dominant Land Use* area in the Strategic Plan.
4. The proposal is consistent with Strategic Direction 6 – *A healthy and safe community* in the Norfolk Island Community Strategic Plan 2016-2026.
5. The proposal is consistent with Norfolk Island Regional Council's Operational Plan 2020-21.

- In addition to the matters summarised above, other matters that the Commonwealth Minister may consider relevant may include reduced costs of health services delivery for the Commonwealth, for example the availability of upgraded health services on Island would reduce the need for travel to access some health services.

Conditions:

There are no conditions in relation to the declared significant development.

Other information:

After the Minister has made a declaration in relation to a significant development, the owner of the land, or a person permitted to do so, may make a development application to the General Manager of the Norfolk Island Regional Council in accordance with Parts 4 and 5 of the Planning Act.

The application must include information required by the Norfolk Island Plan 2002 or other enactment, an environmental impact statement and be accompanied by the prescribed fee.

If the application is accepted, a notice of development application must be displayed on or near the land. The General Manager is also required to publish a notice in the Norfolk Island Gazette inviting written public submissions to be lodged within a specified period of not less than 28 days. The application documents must also be made available for public inspection.

The General Manager is required to refer the application with their recommendations and any public submissions to the Minister.

Within 56 days of the application being made (the Minister may extend this up to 168 days) the Minister considers the application and makes a decision.

The Minister can either give development approval, refuse approval or refer the application back to the General Manager with directions. The applicant must be notified of any decision and a notice must also be published in the Norfolk Island Gazette within 14 days.
