

An invitation....

Well, the rate time is marching on in 2008 its about time you thought about whether you are joining us or not for the

6th Norfolk Island Open Field Archery Championships

This year the dates are from the 6th - 11th July.

What that means is that for the Kiwis, the best travel dates are from the 6th - 13th July and for the Aussies it is the 5th - 12th July. The reason for this is the airline flights in and out of Norfolk Island.

Below you will find a programme, and elsewhere on our website you will find rules etc.

Saturday 5th July

There will be some complimentary snacks (but you will have to buy your beer or wine there) from any time after you get off the plane until late (ish).

Hot snacks, camp fire and meeting those who you will be spending the next week shooting with.

There will be a sign, or something at the club gate. You won't miss it! First, turn and go up the hill at the hospital corner at the airport end of the main street. If you go past Seaworld Restaurant you have gone too far. Up Grassy Road past Mini Golf Toy Shop at the top and the Botanic Gardens, then down the other side, past Silky Oaks horse riding stables.

The range is on the left hand side about 400 or 500 metres past the stables. Follow your nose through the paddock.

We would have just finished the course and would love you to join us for a beer, feed and a laugh.

Come and see us, we can't wait to meet you.

Casual evening around the fire, Norfolk Archery style. Don't forget your jacket

At the Airport

Two of our members will be meeting you all at the airport. Keep an eye out, they'll be looking out for you and your bow cases! Any questions, just ask them.

Presentation Night

Friday, 11th July

The finale to the week.

We will be advising the venue and time during the week.

Norfolk Island Liqueurs

have invited you all to a liqueur tasting during Wednesday afternoon from 2.00pm. The liqueurs are very, very nice and this afternoon was a hit last year.

Stay a while, try them all, buy some, stagger home.... or on to the Brewery

The Rounds

The comp is decided from your best three of four 20 target rounds. These are shot Monday, Tuesday, Wednesday and Thursday morning, roll call at 9.00am

What Division are you in?

This is our fifth comp, and probably our fourth or fifth set of divisions.... and alas, we think we have it! We've tried all sorts of divisions from all sorts of codes, listening to advice, searching for divisions that suit our style. After hearing comments like "he's hasn't got 12 inches of fletching", "she hasn't got screw in points", his poundage is too high"... So, we've decided on the 'Norfolk Divisions'!

When you read this remember you are coming to a friendly, fun shoot. And while there are some who are in it for fun like us, we all want to do well and shoot well.

Cooked on the spot the island way and then eaten straight away - can't beat it! Archers - please make sure you catch up with us to make sure you are in the right division and don't get missed out in the roll call. Don't panic about bringing your gear.
