

Edith May Mack - continued

She taught Floral Art classes, was a Life Member of the Royal A&H Society, judged the Floral Art section at the show for a number of years, enjoyed her tapestry and reconnecting with her cousins Dolores & Jean and old Norfolk friends and going to White Oaks on a Thursday but above all she loved her home and garden.

In April of this year, after 4 years of failing health, Edie decided she could no longer manage at home and checked herself into the hospital. She was grateful for the Dr's and staff and the excellent attention she received. For the many visitors and those who sent cards. For her clean laundry each day and before April for the Care Norfolk Team and the wonderful volunteers who delivered Meals on Wheels and a kind word each day.

To Grace, Mal, Franz, Miles and all other family members who were unable to be here with us todaythank you for the phone calls and moral support.

During the floral tributes which followed, the congregation sang a moving rendition of the "23rd Psalm" (The Lord is My Shepherd). And as the body was committed to the ground, again lead by Rick Kleiner, we said our final fond farewell to Edie Mack with the singing of the "Pitcairn Anthem".
